Dr. J. Lederberg  
Department of Genetics  
University of Wisconsin  
Madison, Wisconsin

Dear Joshua:

Lardy wrote me about a lecture in December or January.  
I suggested December 3 since our vacation ends December 1.  
If you are not there at that time or if you want to hold  
us to our promise to visit you earlier, we shall try to  
do so.

Best regards,

Sincerely yours,

S. E. Luria
